

## Programme

### Twelfth Annual European Pressure Ulcer Advisory Panel Meeting September 3-5, 2009 AMC, Amsterdam, The Netherlands

**Theme: Pressure ulcers: not just a disease of the elderly – Are your patients at risk?**

**Thursday September 3rd**

7.30 – 12.00 **Registration**

Auditorium 5

9.15 Welcome - Carol Dealey

9.30 Pressure ulcers in the neonatal population  
Val Irving

10.00 Pressure ulcer prevention in spinal cord injured patients  
Maarten Lubbers

10.30 Opening of Exhibition and Coffee

Auditorium 5

11.00 **Basic Science Session**  
Chair: Cees Oomens

- 1) Dynasit: Dynamic sitting to prevent pressure ulcers in Spinal Cord Injured. Jasper Reenalda,(The Netherlands)
- 2). Computer Models to Guide Pressure Ulcer Risk Factor Studies, Amit Gefen,( Israel)
- 3) 'Preventive Biomechanics in Pressure Ulcer Development G Silber (Germany)
- 4) The Lidwine project: Medical textiles for prevention and treatment of Decubitus wounds, Nicole Papen-Botterhuis (The Netherlands)

## Auditorium 4

11.00 **Free papers Session 1**

Chairs: Lisette Schoonhoven & Jose Verdu Soriano

Follow-up of pressure ulcer prevention guideline adherence in home care

*Sam Cordyn, Belgium*

A systematic review of patient-reported outcome measures used to measure quality of life in patients with pressure ulcers

*Claudia Gorecki, United Kingdom*

Development of a patient-reported outcome measure of quality of life for use with patients with pressure ulcers

*Claudia Gorecki, United Kingdom*

Prevention of pressure ulcers - knowledge test for nursing staff

*Lea Ritta Mattila, Finland*

The value that nurses attribute to pressure ulcer prevention

*Ray Samuriwo, United Kingdom*

12.30 hrs Lunch & Exhibits

## Auditorium 5

Chairs: Cees Oomens & Jacqui Fletcher

3.30 hrs **Plenary:** Prevention and Treatment of Pressure Ulcers Using Electrical Stimulation. Thomas Janssen (The Netherlands)

14.00 Skin development – structural differences between babies, children and adults. Matthew Hardman

14.30 hrs Coffee & Exhibits

## Auditorium 5

15.00 hrs **KCI symposium: 'Pressure ulcer prevention: prevalence and incidence in context'**

International Pressure Ulcer Guidelines on Performing Prevalence and Incidence Studies

*Professor Tom Defloor (Ghent University, Belgium)*

The impact of pressure ulcer prevention on hospital budgets

*Paul Trueman (YHEC-York, UK)*

Reaching for the moon: achieving zero pressure ulcer prevalence?

*Isabel Bales (Methodist Medical Center, Illinois, USA)*

## Auditorium 4

## 15.00 Free papers Session 2

Chairs: Zena Moore & Amit Gefen

The evaluation of a prototype patient handling and pressure redistribution device to assist in a horizontal lateral transfer

*Mike Fray, United Kingdom*

Problematic Stage IV Pressure Ulcers on Heels closed with Polymeric Membrane Dressings

*Agathangelou Charalambos, Cyprus*

Pressure Ulcers in the Neonatal and Pediatric Populations

*Ann Marie Nie, USA*

Pressure-relieving devices for treating heel pressure ulcers: a Cochrane systematic review of clinical trials.

*Elizabeth McGinnis, UK*

A Multicentre, pragmatic, randomised controlled trial of repositioning for the prevention of pressure ulcers

*Zena Moore, Ireland*

Auditorium 4

## 16.30 Free papers Session 3

Chairs: Jos Schols & Lena Gunningberg

Nurse managers' view of hospital context in two county councils in Sweden

*Lena Gunningberg, Sweden*

Dr. Boyle meets the Nontouchables - The adventures begin

*Michael Miller, USA*

Does the SAFE or SORRY? program decrease pressure ulcers in hospitals and nursing homes: a cluster randomised trial

*Betsie Van Gaal, The Netherlands*

Disease-specific, versus standard nutritional support for the treatment of pressure ulcers in the institutionalized elderly. A randomized-controlled trial

*Emanuele Cereda, Italy*

Auditorium 5

## 16.30 Free papers Session 4

Chairs: Maarten Lubbers & Trudie Young

Pressure ulcer prevalence influencing factors – a model (PUP-IM)

*Ester Meesterberends, The Netherlands*

Pressure Ulcer Prevalence in Long Term Care in the Republic of Ireland

*Zena Moore, Ireland*

Pressure Ulcer prevalence: hospitals and residential care facilities Queensland Health, Australia: experience and learnings

*Jan Hill, Australia*

An exploration of nursing documentation for pressure ulcer prevention in an Orthopaedic and Care of the older Adult setting

*Julie O'Brien, Ireland*

17.30 hrs End

18.00 Indonesian buffet and entertainment

### **Friday September 4th**

Auditorium 4

8.00 EHOB breakfast session (continental breakfast)  
The Heel: A Model to understanding Pressure Ulcers  
Dr James Spahn and Jacqui Fletcher

Auditorium 5

Chairs: Trudie Young and Nils Lahmann

9.00 Pressure ulcers and the diabetic foot – preventable or not?  
Jan Apelqvist

9.30 Pressure ulcer prevention in palliative care  
Jackie Chaplain

Vreisaal

9.00-10.15 **Arjo-Huntleigh Workshop**  
**Preventing Pressure Ulcers Another Way**

Experience the power of Haptonomics: tactile contact used to heal, make whole and to confirm another's existence

10.00 hrs Coffee & Exhibition

Auditorium 4

10.30 - 12.00 **Covidien Symposium**  
Chair: Professor Valerie Edwards Jones

**Wound bacteria – Could a new foam containing 0.5% PHMB be a potential solution**

1) Background to infection – the costs, the issues and impact on patients with chronic ulcers  
Jan Apelqvist (Sweden)

2) Review of microbiology in wound care, with a focus on pressure ulcer management  
Valerie Edwards Jones (UK)

- 3) Review of the Kendall foam in the clinical setting  
Frans Meuleneire (Belgium)

Auditorium 5

10.30 – 12.00 **Danone Symposium**  
**New news on nutrition and Pressure Ulcers**  
**Chairman Jos Schols**

- 1) New NPUAP-EPUAP pressure ulcer guidelines  
Jos Schols, (The Netherlands)
- 2) New data on the relationship between malnutrition and pressure ulcers.  
Ruud Halfens (LPZ Maastricht)
- 3) Nutritional support in the treatment and prevention of pressure ulcers: an overview of studies with Cubitan  
Hilde Heyman (Belgium)
- 4) New data on the effect of specialized nutritional intervention with a disease-specific sip feed (Cubitan) in the support of patients with pressure ulcers  
Jos Schols (The Netherlands)

12.00 hrs Posters + Lunch

Auditorium 5

Chairs: Michael Clark and Hilde Heyman

13.30 hrs **Plenary:** Effect of loading regime on skeletal muscle damage. Sandra Loerakker, The Netherlands

14.00 hrs International Pressure Ulcer Guidelines – What next?  
Carol Dealey, UK

14.30 hrs Coffee

Auditorium 5

15.00 **Symposium:**

Pressure ulcer prevalence and beyond  
*Tom Defloor, Belgium*

Pressure ulcers: Development of a reliable and valid attitude instrument for nurses.  
*Tom Defloor, Belgium*

Minimum dataset for the treatment of pressure ulcers: a pilot study  
*Sophie Delobelle, Belgium*

Pressure ulcers: Knowledge and attitudes of nurses in Belgian nursing homes  
*Demarre, Belgium*

Pressure ulcers: Knowledge and attitudes of nurses in Belgian hospitals  
*Dimitri Beeckman, Belgium*

15.00 **Free papers Session 5**

Chairs: Paulo Alves & Christina Lindholm

Tissue blood flow responses to external pressure in the sacral region using PPG and laser Doppler technique)  
*Sara Bergstrand, Sweden*

Objective insight in loading characteristics when seated in a wheelchair,  
*Jaap De Vries, The Netherlands*

Can we develop intelligent support surfaces for the individual subject  
*Dan Bader, United Kingdom*

Technological antidecubitus surfaces vs foam mattresses: is there a relationship between perfusion and age, sex and risk scores? An evaluation of more than 1500 oxygen saturimetry measurements.  
*Roberto Cassino, Italy*

The effectiveness of the Australian Medical Sheepskin in the prevention of sacral pressure ulcers in nursing home patients: A randomized controlled trial.  
*Patrick Mistiaen, The Netherlands*

Auditorium 5

Prizes

16.30 hrs Guidelines Katrien Vanderwee  
Chair: Carol Dealey

17.30 AGM followed by short trustees meeting

18.00 End

**Saturday September 5th**

Vreisaal

9.00 hrs **Workshops**

**1.Debridement.**

Kath Vowden and Peter Vowden

**2.Wheelchair seating**

Paulo Alves & Jose Verdu Soriano

**3.Repositioning and transfers**

Zena Moore &amp; Julie Jordan O'Brien

10.30

Coffee

11.00 hrs

**Workshops****1.Debridement.**

Kath Vowden &amp; Peter Vowden

**2.Wheelchair seating**

Paulo Alves &amp; Jose Verdu Soriano

**3.Repositioning and transfers**

Zena Moore &amp; Julie Jordan O'Brien

12.30

Introduction to next year and Close of Conference  
Cees Oomens

13.00

end

## Posters: Authors and Titles

Number in book	Presenting author	Running title
1	Baath	Registered nurses and enrolled nurses assess
2	Chacon	Pressure Ulcer Prevalence in Canary, Acores and Madeira
3	Charalambos 1	Two stage III and one stage IV Pressure ulcers
4	Charalambos 2	Involving the families in the treatment of pressure ulcers
5	Clark	In vitro properties of an Antimicrobial Silver
6	Cornally	A healing heel campaign: can education alter
7	Davies	A web-based distance learning degree level
8	De Vries	Efficacy of three categories of seating provisions
9	Dijkmans	Intercollegial audits to improve the quality
10	Dreier	Biomechanical framework offer a paradigm
11	Farjas 1	Heart Surgery: The prevention of occipital PU
12	Farjas 2	Benefit of Alginate-CMC dressings in the
13	Farjas 3	Local treatment of PU in a specialised centre
14	Farjas 4	Experience of TLC-NOSF dressings in the
15	Fletcher	A framework for assessment of patients at risk
16	Gilroy	Using a root cause analysis approach to
17	Becker	The role of patients compliance for the wound
18	Johnson	A Cost Effective Alternative: Investigating
19	Koulouteris	The synergistic action of hydrogels, honey and
20	Lombardi	Topical negative pressure (VAC) in home care
21	Mattila	Nursing staff's perception of an intervention
22	McConville	Two cases of heel ulceration post renal
23	Meesterberends	Dissemination and implementation of Pressure
24	Meuleneire	Evaluation of a new heel-protecting system
25	Miller	Use of unique, non-contact negative pressure
26	Moore	An economic analysis of Repositioning
27	Nowicki	Incontinence management and PU prevention
28	Ottesen	Pressure ulcers and preventing pressure ulcers
29	Oude Luttikhuis	Gauze-based Negative Pressure for the
30	Santos	Pressure ulcer prevention: insights from postural adjustment
31	Spahn	The Heel: A Model for all the Problems
32	Spruce	An evaluation of Negative Pressure Wound
33	Sterner	Can focus on risk assessment and pressure
34	Swing	Registered nurses' awareness of PU prevention
35	van der Kraan	Eveander pillows: a medical device to prevent
36	Zamora	Management and prevention of pressure ulcers
